A Great Drawing Team.

By Augustus Bridle.

A good drawing team is just as much of a joy to the man that owns it as it used to be in the bush-log days. We talk a good deal—some of us—about the great horses we used to handle, the ribbons over in the bush, lifting out great loads of elm logs, sometimes 1,000 feet or 2,000, sometimes more according to the man who was telling it, from the stump to the skidroad and the concession line.

Certainly some of those teams could draw; and surely some of their drivers did use to be able to talk about it. But there are more good average hauling teams in the country now than there were in the bush days. Farmers have gone in for specialising on draughts and roadsters, because they understand that a poor team is bad economy when work has to be done in a hurry. Getting stuck with a load in the fields is a dead waste of time and of temper. We used to be stuck often in the old days with some of those poor teams picked up any old way at an auction sale. But a good span of Clydes or Percherons nowadays is a real piece of insurance against wasting time with stuck loads. The only thing that happens in that line with such horses is broken harness or a snapped doubletree.

Of course a good deal depended on the driver as it does now. One of the best drawing teams ever known in an Ontario county, would pull like a tractor engine for the boss, but when it came to the hired man they see-sawed and junced in the collar like a pair of balky Texas steers. When the boss pulled the lines over them and yelled, "Gis down together!"—they got down, those Bob Hinzers, and lifted the load—heaves, how they could lift it! No matter what the load was, grain, or log, or gravel; it came out of the hole on to the high-road, just by the simple knack of getting down together.

Just now the greatest hauling team ever known in Canada are engaged in lifting the biggest load that a team ever stood in front of. The load is,

\$150,000,000 of Canadian Victory Bonds.

That's a tremendous load. The load is there all right. Canada has the money; twice as much, ready to pile up for victory. It's a matter of lifting the load. It's a matter of what team is to do it, and who will be driver.

What's the best team for this job?

The Canadian Farmer and the Government of Canada.

If those two can't lift a great part of that load, you might as well leave it alone.

Who is the driver?

A great boss named Victory.

Victory, VICTORY!

Public Notice.

(At least Five Notices must be Posted within the Limits of the District.)
By the Board of Trustees of the Bow Island S.D. No. 188 of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the Bow Island S.D. No. 188 of the Province of Alberta, that the sum of Sixteen Thousand dollars should be borrowed on the security of the said District by the issue of Debentures repayable by instalments Twenty equal consecutive annual instalments with interest at the rate of not more than eight per centum per annum for the following purposes namely—The erecting of a solid brick and frame school building consisting of four standard size classrooms, and other accommodations, for high school work.

THEREFORE notice is hereby given by the Board of the said District that unless a poll of the ratepayers of the said District for and against the said debenture loan is demanded as required by the School Ordinance, the said Board will apply to the Board of Public Utility Commissioners for authority to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.
ROBT. H. ROBERTSON, Chairman.

Dated at Bow Island, Alberta, this 7th day of November, 1917.

INSTRUCTIONS TO RATEPAYERS

In rural districts a poll on a debenture loan may be demanded by any four ratepayers if the loan exceeds \$10,000 or if the loan is not for the purpose of building a first school house.

In town and village district a poll may be demanded on any debenture loan by twenty and ten ratepayers respectively.

Every demand for a poll should be delivered to the secretary of the district or in his absence to the chairman of the board within fifteen days from the date of posting these notices. A certified copy of the demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta at Edmonton.

CERTIFIED A TRUE COPY.

Bow Island Liberals

Support Union Government.

A very enthusiastic meeting of the members of the Bow Island Liberal Association was held in the Oddfellows' Hall on Saturday, November 3rd, when the following officers and executive were appointed—

President, J. W. Hurd.
1st Vice-president, F. W. Brown.
2nd Vice-president, A. F. Woot.
3rd Vice-president, J. R. Agar.
Secretary, J. B. Stewart.
The members of the executive were elected as follows—L. D. James, Robt. Waddell, E. A. Nevers, J. Pallitt, C. R. Bell, A. Swennumson, G. W. Grant, H. Smith, R. S. Beatin, J. Sampell, C. Barkman, A. J. Bergeron and R. L. MacGregor.

A resolution was passed endorsing W. A. Buchanan for Union representative and pledging him the support of the Association in the coming election.

The Chautauqua.

The Chautauqua Festival Orchestra is a company of six charming young ladies, who offer a program which is a delight to the general public and a pleasure to the most musically critical. With the use of supplementary instruments the variety and quality of the program is equal to that of a much larger organization. The instrumentation is capable of symphonic effects the quality of tone ranging from the most delicate shading to the greatest volume possible for a six-piece organization.

The Orchestra was originally organized by these talented young ladies solely for their own pleasure. After months of study they decided to accept engagements on the concert stage. Their success was instantaneous.

For the last few years they have been one of the standard Chautauqua attractions of the Middle West. Individually they are finished musicians. Their entertainment consists of orchestra selections, instrumental solos, vocal quartets, duets, solos and readings.

After you hear their two concerts on the opening day of the Chautauqua Festival, you will feel that you have already received more value than the cost of your season ticket.
The Chautauqua appears in Bow Island on November 16, 20 and 21.

School Ground Improvement.

The result of the work of an energetic rural science teacher in Henfrey county, Ontario, is shown in the four views accompanying this article. The first view, Fig. No. 1, shows the bare surroundings of the school before any improvement of the grounds had been undertaken. It represents the condition of vastly too many rural schools throughout Canada. Fig. No. 2 shows the conditions one year later. The improvement effected was brought about by the teacher securing the sympathetic co-operation of the trustees and other interested persons. Fig. No. 3 shows the farmers' sons and others who have gathered with their teams to clear the ground of stones, logs, weeds and rubbish, to haul in good earth and manure and plow the soil for spring planting. Fig. No. 4 shows a section of the garden in the autumn of the second year. The photograph was taken after the early vegetables had been removed. The following spring a number of the ratepayers

again returned with their teams to do further work, including the planting of perennials, maples and evergreens, the latter to form screen for the outhouses. Nor did the enthusiasm of this rural science teacher exhaust itself in her

school gardening work. After the more than 300 people of the grounds had been improved a school district. The programme carried out by the District Representative, several den plots, the holding of races and clerical men, visiting teachers and other athletic competitions, and a dis-

On Trafalgar day a harvest home festival was held, to which the parents of the children were invited. The children exhibited the products of their gardens. The programme for the occasion was made up and carried

Canadians are willing to follow the advice of the Food Controller in order to help to save urgently-needed wheat flour, beef and bacon for the soldiers, will find a considerable number of wholesome substitutes.

To save wheat flour, barley may be used for soup and barley flour for thickening; corn meal for bread and cereal; oatmeal for cereal and oat meal. Potatoes may be used in a variety of appetizing dishes—and when they are served bread may sometimes be omitted from the meal. At present the price of corn meal is high, but the new crop in the United States is very large and will be coming on the market soon. The question of price has to be carefully considered, by the

great majority of people but those who can afford to do so should substitute in part other cereals for wheat even if the price of the substitutes should be higher.

For meat, fish is a peculiarly suitable substitute because of the variety available and the abundant sources of supply in the Dominion. Beans have nearly the same food values as meat.

By a careful selection of other foods, the consumption of meat may be very considerably reduced, especially by persons who are not engaged in heavy manual work.

And remember, the primary reason for urging saving of wheat flour, beef and bacon is not economy in cost, but that the soldiers may be supplied with the food which they need.

Why does Canada Raise Money by Selling Bonds?

BONDS are issued payable in ten or twenty years, as the case may be. It means that repayment of the money will be spread over ten or twenty years instead of being raised by taxation to meet current expenditures.

To raise by taxation all the money as fast as it is needed to carry on Canada's share in winning the war, would be an unbearable burden upon the people.

It would mean that more than a million dollars a day would have to be raised right now.

But to raise money by selling Canada's Victory Bonds means that those of the next generation who will benefit by the sacrifices this generation is making;—who will share in the freedom this generation is fighting for and largely paying for—will also pay their share.

And when you buy Canada's Victory Bonds you make a first-class business investment in a security that is absolutely safe, likely to enhance in value after the war, and bearing a good rate of interest.

You help the country by keeping open the British market for Canadian products and this helps the general welfare in which you share.

And again, every Canadian who buys a Victory Bond becomes a financial partner or backer of Canada in the war.

When you buy a Canada Victory Bond

you—give a personal pledge that you are going to help to win the war.

Every man and woman in Canada can help to win the war by buying Canada's Victory Bonds. And Canada wants the personal, individual interest and co-operation of every man and woman in the country.

The buying of Victory Bonds by the whole people unites them in a determination to win the war.

Every purchase of Canada's Victory Bonds is a blow for freedom against the tyranny of German Kultur.

Every bond sold is a new guarantee that Canada is in the war to the finish, until victory is with the Allies and the world has been made safe to live in.

Every bond you buy is a new pledge that Canada will remain true to herself, the Empire, the Allies and to freedom's cause.

So it is both patriotic and good business to

Buy Canada's Victory Bonds

Issued by Canada's Victory Loan Committee in co-operation with the Minister of Finance of the Dominion of Canada.

PUBLISHED EVERY FRIDAY AT BOW ISLAND, ALBERTA

It is as impossible to wage war without money as without men. If you and I cannot dedicate our lives to the service of our country in this hour of need, we can dedicate dollars, either few or many.

The basic truth is that victory for all the Allies, for Democracy itself, depends upon the response of you and me, the men or women of Canada, to the call made upon us to support the cause by our money.

The people of England, the people of Germany, the people of France have poured forth their treasure as freely as their blood. The manhood of Canada is not finking or failing.

Shall it be said that, while we are willing to sacrifice the very flower of our manhood in the furnace of war, we are so grasping, so miserly, so unpatriotic, so money-mad that we refused, not to sacrifice our money—that we are not asked to do—but merely to lend our money even at remunerative rates of interest to insure that the fires in the furnace of war shall be extinguished without lamentable delay.

If there be any unmoved by patriotic motives let them be moved by material motives, for this is patriotism that pays, patriotism that pays a more certain return than even the safest of savings-banks.

When the canvasser calls upon you, subscribe to your utmost to Canada's Victory Loan.

**SYNOPSIS OF CANADIAN NORTH WEST LAND REGULATIONS.**

THIS sole head of a family, or any one male over 18 years old, may homestead a quarter-section of available Dominion land in Manitoba, Saskatchewan or Alberta. Applicant must appear in person at the Dominion Lands Agency or Sub-Agency for the District. Entry by proxy may be made at any Dominion Lands Agency (but not sub-Agency), on certain conditions.

Duties—Six months' residence upon and cultivation of the land in each of three years. A homesteader may live within nine miles of his homestead on a farm of at least 50 acres, on certain conditions. A habitable house is required except where residence is performed in the vicinity.

Live stock may be substituted for cultivation under certain conditions. In certain districts a homesteader in good standing may pre-empt a quarter section alongside his homestead. Price \$5.00 per acre.

Duties—Six months' residence in each of three years after earning homestead patent; also 50 acres extra cultivation. Pre-empted land may be obtained as soon as homestead patent, on certain conditions.

A settler who has exhausted his homestead rights may take a purchased homestead in certain districts. Price \$5.00 per acre. Duties—Must reside six months in each of three years, cultivate 50 acres and erect a house valued \$500.

W. W. GIBBY, Deputy of the Mayor of the Interior, N.B. (Unauthorized publication of this advertisement will not be paid for.) -110.

Burdett.

(From the Burdett Times).

Farming operations are pretty well all completed in this district. As one views the surrounding country he becomes visibly impressed with the amount of land prepared for next year's crop. Should the year of 1918 turn out favorable there will be such a crop harvested in this district as will knock out all previous records.

Jack Donaldson has informed his friends that he is going away to winter in California for the benefit of his health. Some have the suspicion, however, that Jack is not going away altogether on account of his health, and it will not surprise them in the least if he is accompanied on his return by one of the choicest specimens of the female sex to be found in California.

A meeting of the school trustees was held on Monday night there being present J. H. Sandy (chairman), C. Kumin, and the secretary, A. Waddell. The overcrowded condition of the primary school, in which there are 65 pupils, came in for a good deal of discussion, and finally it was decided to engage the old dance hall and make an intermediate grade, and engage another teacher. The building of the new consolidated school has had to be postponed until next spring on account of the lateness of the season.

We have referred from time to time to the fact of the increasing popularity of the Burdett Hotel. And this popularity not only prevails among the residents of our town and district, it may be added, but particularly so with the travelling fraternity. It does not require our word to demonstrate this either. The crowded state of the hotel and the many names upon the register convinces one if nothing else could. And if anything more is needed there is the additional fact that the proprietor, Mr. E. Brown, is already compelled to increase his accommodation. This he intends to do by adding to the rear of the building. This, he hopes, will be sufficient to cope with the present needs for a time longer.

One is glad to observe that the spirit of progressiveness is evident among our residents this past year is still as much alive as ever. The Village Council is doing not a little to maintain this state of affairs, and with its continued improvement of our Public thoroughfares will keep before the rate-payers constantly the fact of the necessity of being up-to-date. An enormous amount of grading was done early in the year with a decided improvement in the appearance of our streets. Unfortunately, owing to the difficulty of procuring men and teams the work had to be suspended. With the farm work, however, nearly all done the Council has been able to resume its program, one of the features of which, we understand, will be the completion of Second Avenue to the government road. May the good work go on.

Mrs. George Beattie, of Medicine Hat, who went to Vancouver in July for her health, and who underwent a severe operation at St. Paul's hospital last week of August, has made much progress and has again to re-

enter the surgical ward of that institution for further x-ray examination, with a view to discover the cause of her slow recovery. Her condition at present is critical, but both surgeons in attendance have ultimate hope of her recovery provided further complications do not arise.—Medicine Hat News.

John Pollitt has volunteered to canvass the town on Monday in behalf of the Victory Loan. The extreme importance of making this loan a success is, we believe, recognized by everyone, and every assistance should therefore be rendered the canvasser. Subscribers as much as you can. It is not only a good investment, but there is the added fact that the security is absolutely safe and secure. In fact it is so safe that the subscriber can always get the full face value of the bond any time he requires it. Residents should in their own interest subscribe as liberally as they possibly can.

The Hollishead concert given here on Monday night was a grand success, financially and socially. The reputation of the articles had already preceded them from other points and the audience was therefore naturally expectant of hearing something beyond the ordinary. They were not disappointed. Every item upon the program was a gem and the music was beyond conception. As a result of the concert the organizers had the pleasure of handing over to the local Red Cross a sum of between \$70 and \$80.

Rev. M. L. Wright, grandmaster of the Provincial Grand Lodge of the Orange Association, paid an official visit to the local lodge here on Tuesday night. There was a good attendance of members and a very instructive and pleasant evening resulted. Mr. Wright, it may be said, was formerly in charge of the Methodist Church in Bow Island, and needless to add, a large number of his friends here in town took advantage of his presence to resume their old acquaintanceship.

\$16,000 School for Bow Island

A very important meeting of the school trustees for Bow Island School District No. 1883 was held in the Council Chamber on Tuesday evening, when the matter of building a new school for the town came up for discussion. These present included the chairman (R. H. Robertson), and Trustees, Messrs. Bateman and Gertson, A. F. Dulmage being out of town on business. Mr. A. M. Joffers, architect, of Edmonton, was also in attendance. The secretary announced that he had now received the necessary information and papers from the provincial government and everything was in order to proceed with the project. After debating the matter with the architect and inspecting several plans, etc., the trustees introduced a by-law empowering them to borrow the sum of \$16,000 to erect a four room school. With the exception of the interior work this will be of solid brick construction and if it is carried out according to the plans formulated Bow Island will have a handsome building. The by-law was put through its necessary course of procedure and finally approved. An advertisement appears in this issue relative to the by-law. It will now be in the hands of the ratepayers. If a protest is received an election will be held, but otherwise the trustees will be able to go ahead without any further expense of procedure. The site it may be added, has already been purchased northeast of the Presbyterian church on the Jones' quarter. This has already been approved of by the government as being suitable for the purpose. We may also state regarding the new school that in addition to it having four large class rooms, there will be a large basement, which could be utilized as play-rooms in wet weather, and also two smaller rooms, one for high school work and the other for the teachers.

Percy Johnstone is attending the Boys' Work Conference at Lethbridge this week.

Mr. and Mrs. W. H. B. Foot of the Forty-Mile registered at the Burdett Hotel on Monday.

Louie Shong has put down sixty feet of cement sidewalk in front of his store.

Fletcher & Sons have had a large roof cellar constructed at their store.

J. H. Sandy has purchased C. L. Brunsdale's residence, situated west of Main Street.

A picture show and masquerade ball took place here on Wednesday night in the Majestic.

Geo. H. Johnstone received a car of coal in on Tuesday and has been busy ever since attending to the numerous orders.

Mr. and Mrs. Brown of Lethbridge spent last week-end with their friends, Mr. and Mrs. E. Brown, at the Burdett Hotel.

Mrs. Batterbee, accompanied by her two daughters, sat out down from Chin, on Sunday and were the guests for the day of Mrs. Geo. H. Johnstone.

The schools here in town will be closed on Thursday and Friday to allow of the teachers attending the convention at Lethbridge.

W. Moore, of Medicine Hat, general agent for the Massey-Harris Co., was in town on Monday re-appointing A. Abbott as the local agent.

The Customs returns are apparently still showing a tendency to go upward. For the month of October the receipts amounted to \$1683.22.

Morris Rygg, who has been reading for some time at Ray, N. D., pleasantly surprised his many friends here this week by returning to take up his residence once more among us.

S. W. Fletcher has purchased a ten horse-power engine and feed grinding apparatus complete, which will be installed in a building already erected near the Methodist Church.

A. Abbott, our local blacksmith, received a wire from the commanding officer of his son's regiment in France on Monday in reply to one sent by him previously, saying that S. L. would shortly be granted a furlough.

Cropley & Lyons have just secured the contract for erecting a new residence for C. Brunsdale on the farm west of town. Geo. Cropley has erected so far this year about seventeen buildings.

W. Lane, living south of Burdett, left here on Monday for Rochester, where he will undergo an operation. A large number of friends will hope for his success and Mr. Lane's speedy return home.

Messrs. Kerr and Caughey, our local auto experts, will commence the erection of their new garage on Main Street about the end of this week or the beginning of next. The contract has been given to Mr. Blow of Calgary.

The Military**Service Act, 1917****DON'T DELAY!**
Do It TODAY

THE MILITARY SERVICE ACT is passed; the Proclamation issued October 13th. It is now the bounden duty of every man in Class One to report for service or claim exemption. This includes all bachelors and widowers without children (not otherwise excepted) who were 20 years old on the 13th October, 1917, and whose 34th birthday did not occur before January 1st, 1917.

What To Do

Go to your Post Office and ask for the form for reporting for service or for claiming exemption. The form contains clear instructions for filling in. Do this not later than **NOVEMBER 10th**.

Beware of the Last Minute Rush

With so many thousands of reports and claims to be dealt with, the rush of Class One Men will grow heavier day by day. You will waste less of your time and serve your own best interests if you avoid the inevitable rush on the last days.

The law is being enforced with the Government and the People firmly behind it. Obey the law. Do it today.

**The Ford is Now Considered a Necessity**
for Large-Scale Farming

WHETHER you are doing work on a large scale, or a small scale, you endeavor to reduce the delays of your farm machinery to a minimum and save time. A Ford will assist you in doing these two things.

If your tractor runs short of gasoline, the Ford will bring a few cans right to the spot and greatly shorten the delay. Or if you need a repair, or some new plow points, you can "run" the errand to town and back in one-third the time it would take with a horse and rig.

With a Ford you can supervising the work on your ranch much more thoroughly. You can get your mail and supplies (cleaner, and take more enjoyment out of prairie life. A Ford will do all these things and many more, and at the same time save you money.

The strength and endurance of the Ford has been proved the world over. It is equal to the western roads and the distances.

The Victory Loan.

Live Canvassers Appointed to Under-
take a Whirlwind Campaign.
Public Requested to Co-operate and
give every assistance.

When November 12th dawned upon this district it will usher in a campaign such as has never been attempted before. Public-spirited men everywhere are lining up and promising their active support in canvassing and soliciting subscriptions towards the Victory Loan. They are taking up their task with enthusiasm and believe their mission will be crowned with complete success. The public are requested to give these men every assistance and co-operate with them in every way possible.

The canvassers, it may be added, are taking up the work as a national duty, their time unlimited, and the task they have before them should meet with the most sympathetic support from everyone.

Nearly everyone is, or should by now, be fairly well acquainted with the purpose for which the loan is required, and no attempt should be made therefore, in prolonging the visit of the canvasser unduly. We must, one and all, recognize the supreme importance of this undertaking, and the absolute necessity of making it as successful as we possibly can. With this end in view, it is as much the duty of the public to assist as it is of those who have generously volunteered to devote their time to converting certain portions of the district.

The following canvassers so far have been appointed:-

Turner of New Island, John Pollitt.

Burdett, J. W. Elliott.

Wynneford, G. W. Parker.

Whittle, Warren Fuller.

Tp. 11, R. 9, and Tp. 12, R. 9, P. E. Bucking.

Tp. 10, R. 9, John Bartosz.

Tp. 9, R. 11, S. M. Hanna.

8-11, S. T. Elliot.

10-12 and 11-12, John Clark.

The chairman of this district is S. G. Jamieson, and the secretary, R. 5th Beattie, of Bow Island, both of whom have been spending the greater part of the week in organization, and intend to devote as much of their time as is possible upon this work until the lists close on December 1st.

The whole success of this loan, however, must inevitably depend upon the support of the general public, and if we can find men who are willing to sacrifice a large amount of their valuable time and devote it to a national work of this character, surely every member of the public can also contribute.

The subscription lists open on November 12th and close on December 1st. The time, therefore, is short, but the entire district nevertheless can be thoroughly canvassed in this time if we all do our duty.
